Article Cover

Iterations

The goal of this project was to create an image for the article "Healthy Enough to Multiply." The image would be for the website and the FBC Weekly booklet handed out on Sundays. The article introduced the theme for the Aspire 2020 Conference.

Web Version

Healthy Enough to Multiply

This was our fourth summer growing grapes on our pergola. It was an abundant crop. We shared bunches of super sweet green and red table grapes with family and friends. I have learned that grapes grow best from vines three years old or more. But without the new growth of this year's leaves, and the one and two year old vines, the mature vines cannot produce abundant sweet fruit. Not every branch produces grapes, but every branch plays a part.

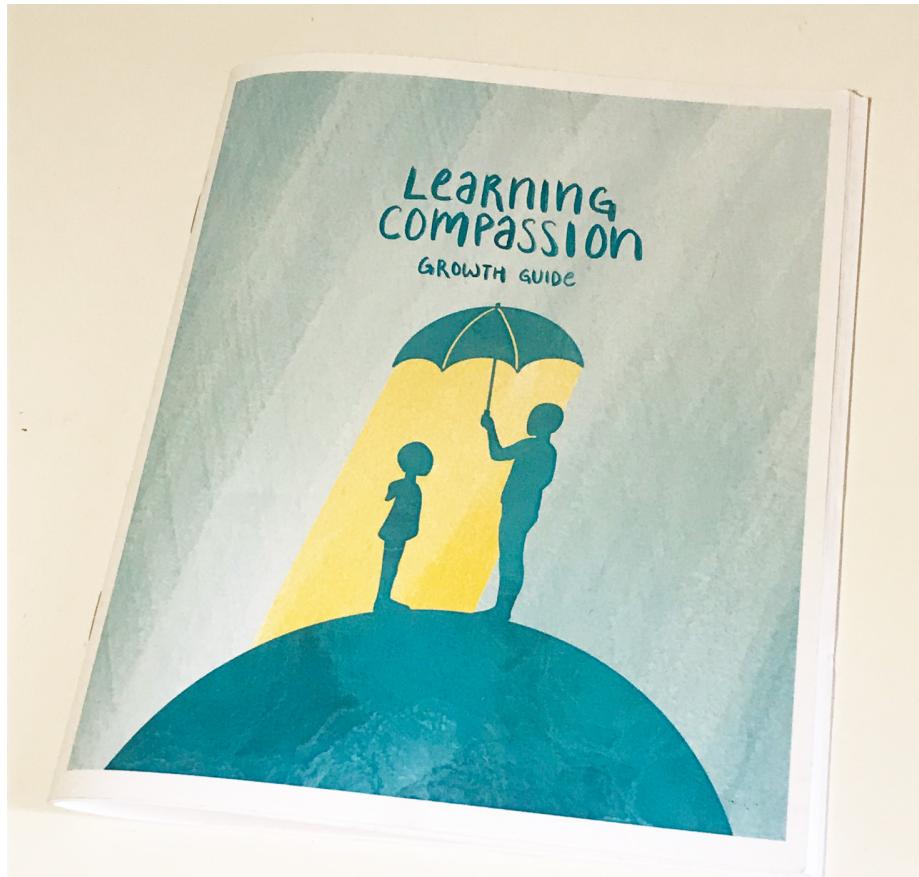

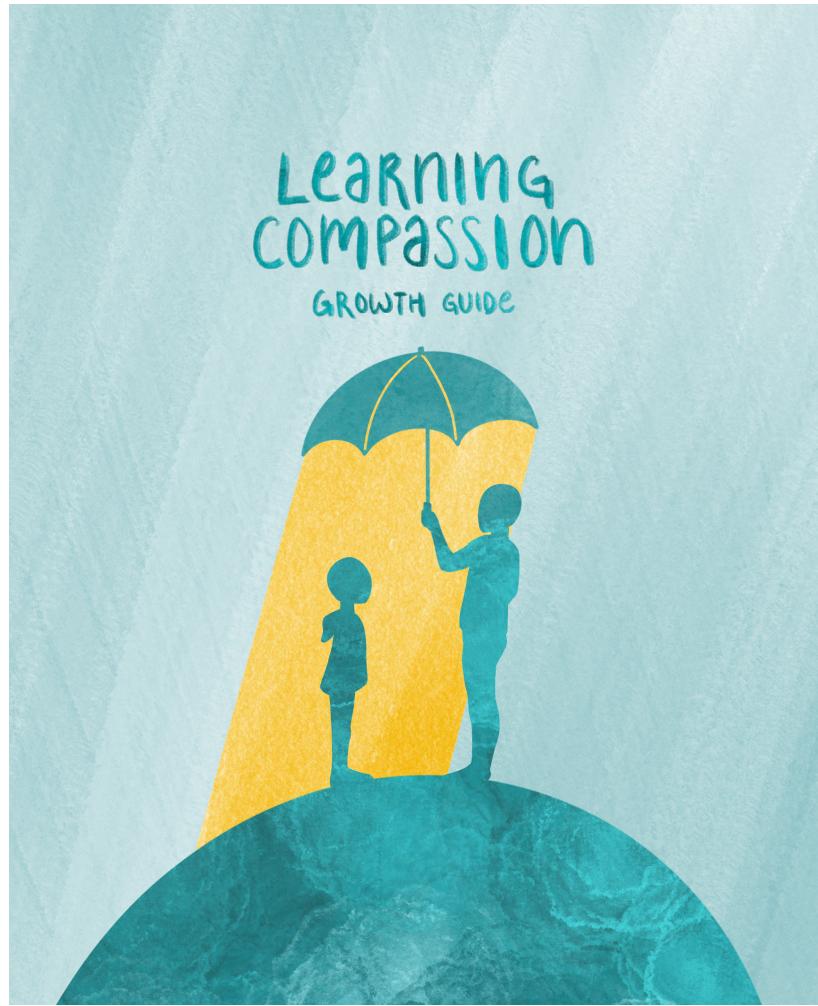

Growth Guide Cover

Iterations

This project was about creating a cover for the next growth group guides. The themes were sharing the gospel and God's goodness and compassion. I made four different possible cover ideas and then consulted the pastor who wrote the guide and we decided to move forward with one of them.

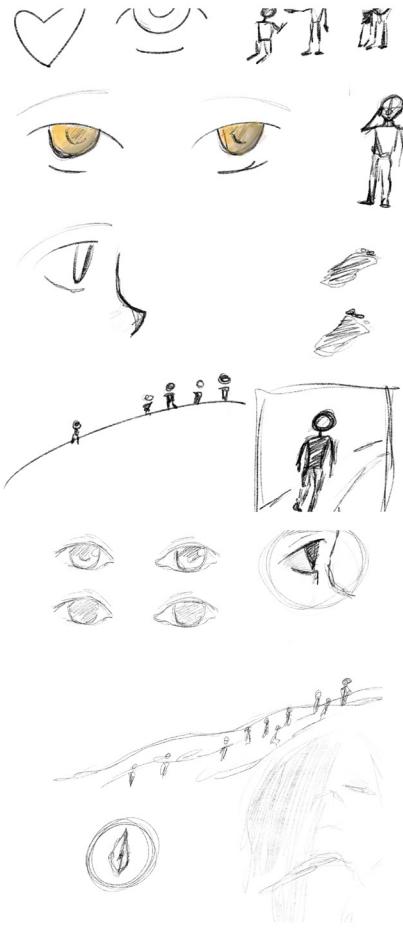

Final Version

Youth Winter Camp

Iterations

This project centered around making a graphic for the 2020 youth winter camp. The theme for the camp was, "Eyes Wide Open." The design needed to be flexible to fit on a variety of different sized posters and dimensions for the website and slides. The graphic also needed to be simplified for stickers.

Final Version

Easter & Good Friday

Iterations

This project's focus was to created a graphic to use for Easter Sunday and then expanded to also include Good Friday. I worked with those helping with the stage design to create a graphic that would go with the stage. I took pictures of the paper flowers they were going to use and used them as part of the background for one of my iterations which we ended up moving forward with to create a total of three designs and a black and white version for Good Friday

Final Version

Easter & Good Friday

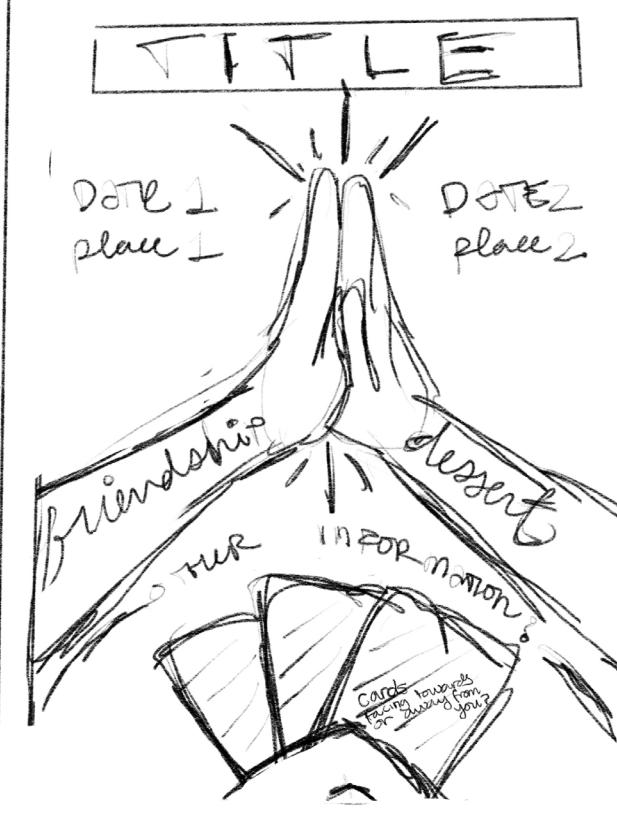

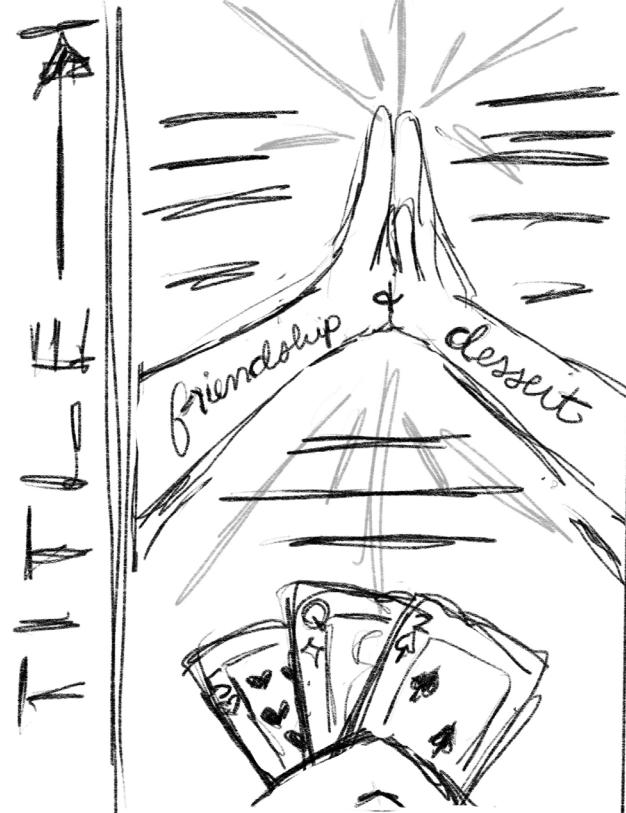

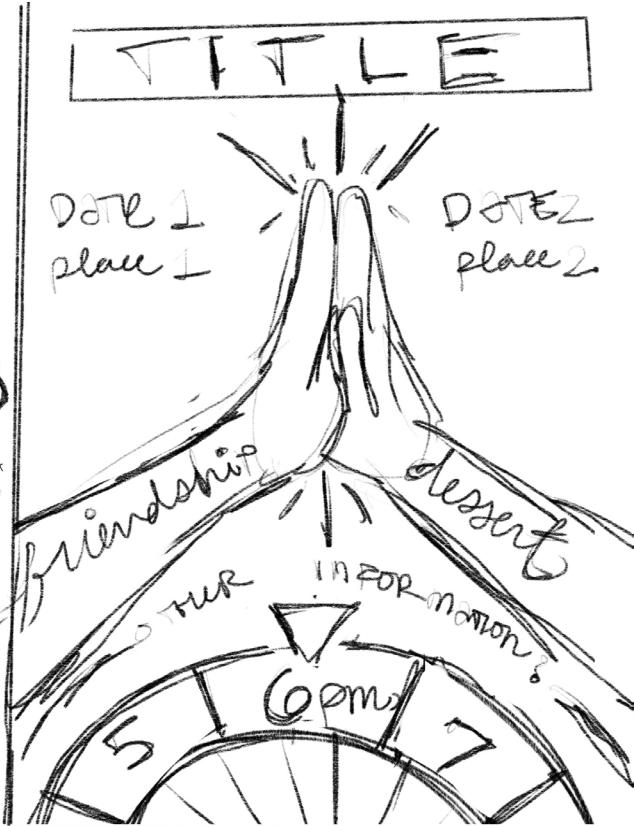

Article Cover

Iterations

This was a quick project for the highschool youth group. Just a website image and a slide image to share the information about their dessert and game nights for the spring.

Final Version

HIGH SCHOOL DESSERT NIGHTS

April 18th
6:30-9:00pm
Rainbow's House
(Mead)

May 29th
6:30-9:00pm
Peterson's House
(Colbert)

games · friendship · dessert

Sermon Series

Final Version

This was a quick project for a sermon series about the commandments in the Bible, Communion, and Baptism. I made simple outlines of common related imagery and then added textures from unsplash.
